IX اردو میں ترجمہ کیجئے۔

The Iranians and Indians are like two brothers, who according to a persian legend, had got separated from each other, One going east and the other the west. Their families had forgotten all about each other and the only thing that remained in common, between them were the snatches of a few old times which they still played on their flutes. It was through these times that, after a lapse of centuries the two families recognised each other and were reunited.
